Subject: Turning to this now....here is answer on IHS money
Attachments: PO-17-EN2 PSA #2 (Signed).pdf; Preliminary Engineering Report - Warm Springs WTP October 2018.pdf

It went to preparing this PER for new plant. So not helpful for current objectives.

Working on the following now:

- Contacting Tom at HUD
- Reviewing yr PPoint slides
- Adding any standing agenda items EPA needs for weekly meeting

Can I give you a call around 4 PM - in 30 min?

Adam Baron

Adam,

It was amended again recently to have Centurywest add information to the report that other funding agency may need to have identified in order to fund.

The attached report will be amended slightly.

CDR Craig J. Haugland, P.E.

Thanks for quick follow up.

So funds already spent? If so, was that PER finalized? I think it was...I remember hearing about that when I first got involved with Warm Springs.

Adam,

The mystery is solved.

It looks like the \$80k is from Project EN2 which was to evaluate alternatives for water treatment plant. This work is being completed by Centurywest.

It looks like this is where Bruce Irwin got the \$80k number that he included in the HUD IT application, as it supported the overall efforts at the WTP.

Thanks

CDR Craig J. Haugland, P.E.

Adam,

Derek Hancey would be the best POC with IHS. I am willing to sit in on next weeks call as Derek is out of town.

Thanks

Subject: BIA/ HUD Grant Implementation Workgroup Invite

All –

We've started a weekly workgroup to move these grants forward. I undertook the task of ensuring appropriate participation from the federal funders/ partners. Your names came up as the possible POCs – senior staff who can provide expertise and brief up on outcomes inside your respective agencies. We've had one organizational meeting yesterday. See attached for agenda and project summary spreadsheet.

Our plan is to meet the next X numbers of Wednesdays from 10 AM to 11 AM to get things moving in an expedited, but coordinated fashion, starting next week.

If you think there's a better situated POC within your organization, please forward onto them and have them coordinate with me. And of course, ensure coordination/ approval with your management chain.

Thanks.
